Launch of version 1.4

Your remarks on the forum

Welcome to the demonstration site component Mydyngallery, photo gallery dynamic Joomla!. Mydyngallery to sort, organize their photo albums easily under Joomla!.

The posting of photos and thumbnail calculation is automatic. The display of the photo is made with HighSlide JS and you have no add-on component to install. Everything is included in this component Joomla!.

I will continue to develop this site as well as component, let me just a little time, I have been overwhelmed since the first version of the component to your interest in Mydyngallery.

If you have a hope of development, do not hesitate to contact me. I can develop custom components or modules. I can build your sites .... Let me proposals by mail.

See you soon.
